

# RAP *Online!* SUMMIT 2022

EVOLVING BEYOND ANIMAL AG

July 30, 2022

10am PST • 12pm CST • 1pm EST

Help us answer perhaps the most important question of our time.

## What can farmers do, on their land, to thrive without using animals?

The survival of our planet may well depend on helping farmers evolve to something better for them and for the planet.

*On Saturday, July 30th*, join farmers, plant-based companies and vegan change makers all together in the same zoom room as we tackle this challenge.
